Men haqimda

I am a Backend Junior with experience in Django, Flask, and Python. I have completed certifications in Dasturlash from Bir Million Dasturchi and Pdp Academy. During my time at S-orca Company (Inivatsion Vazirligi), I gained valuable experience working on innovative projects. I am currently seeking new opportunities to further enhance my skills and contribute to a dynamic team. My proficiency in Git, Docker, and PostgreSQL allows me to efficiently collaborate with colleagues and deliver high-quality code. With strong problem-solving skills and a passion for clean coding practices, I am confident in my ability to tackle complex backend development tasks. If you are looking for a dedicated backend developer who is eager to learn and grow, please reach out!
